

Walking Rugby Guidelines

Ethos

Walking Rugby is a non-contact version of the game aimed at players of all gender, of differing rugby playing experience and physical ability. It aims to be less prescriptive with a manner of play that maintains safety and fun, whilst providing physical and mental wellbeing. It is particularly aimed at providing an opportunity for players aged 50+ to continue their involvement in the game – however it is open to adult players of all ages.

Walking is defined as moving by lifting and setting down each foot in turn, never having both feet off the ground at once.
